About BANDBOX

BANDBOX provides an easy and cost-effective way of getting your laundry taken care of. We treat your clothes with the utmost care.

Over 50 Years of Experience

Founded in 1968, BANDBOX is the vision of Mr. P. Gopi Rathnam. In an era when the laundry business was largely in the unorganized sector or the domain of Chinese dry cleaners, his forward-thinking and passion for service gave us the distinction of having been in business for more than 50 years. From 1 outlet on Brigade Road, we have grown to more than 20 branches.

Customer Satisfaction Above All

We value customer satisfaction. We have made the entire process of booking and getting your laundry done as easy as it can get. Simply visit any one of our branches, and drop off your dirty laundry. We will take it from there. Your clothes will be treated with care in our modern, state-of-the-art factory. They are then delivered back to the branch, where you can collect them.

Eco-Friendly Practices

As a company, we also understand how harsh chemicals and detergents harm the environment. To set an example, we have incorporated eco-friendly practices. We do not use harsh chemicals, and water usage is strictly monitored.

Find Out More About Us

There's a reason why we're the one-stop solution for all of Bangalore's laundry needs since 1968. Get professional care for your clothes.

Quick Order

What is BANDBOX?

BANDBOX has been Karnataka's go-to place for all its laundry needs for more than 50 years. We provide an easy and cost-effective way of getting your laundry taken care of. We treat your clothes with the utmost care, delivering them back to you as good as new.

With elite clients based all over India, it is obvious that we deliver uncompromised quality in our services. We combine technology and expertise that we've been refining all these years to provide the best care for all your clothing. Our employees are properly trained to take special care of each individual piece and type of clothing.

Over 50 Years of Experience

Founded in 1968, BANDBOX is the vision of Mr. P. Gopi Rathnam. In an era when the laundry business was largely in the unorganized sector or the domain of Chinese dry cleaners, his forward-thinking and passion for service gave us the distinction of having been in business for more than 50 years. From 1 outlet on Brigade Road, we have grown to more than 20 branches.

We have over 20,000 sq ft of factory space and a highly hygienic environment. Our sophisticated processes, hi-tech machinery, and diligent workforce ensure quality control and consistency. Separate treatment of whites, linen, upholstery, and rugs sets us apart from the unorganized sector where clothes are picked up by the kilo. Our experience and quality of service give us an advantage over any competition.

Customer Satisfaction Above All

We value customer satisfaction. As a laundry company, we have made the entire process of booking and getting your laundry done as easy as it can get. Simply visit any one of our branches, and drop off your dirty laundry. We will take it from there. Your clothes are treated with care in our modern factory and delivered back to the branch, where you can collect them. Easy as that!

Eco-Friendly

As a laundry company, we also understand how harsh chemicals and detergents harm the environment. To set an example, we have incorporated eco-friendly practices. We do not use harsh chemicals, and water usage is strictly monitored.
